

DATA MODUL Weikersheim continues to focus its donations on social engagement in 2026

Weikersheim, December 17th, 2025

For the display specialist DATA MODUL, sustainability encompasses ecological, social, and overall responsible corporate governance aspects alike. Guided by the principle of assuming social responsibility and continuously making a positive contribution to employees, partners, and the region, DATA MODUL has been actively engaged for years in supporting charitable organizations through targeted financial contributions.

As part of this year's Christmas donation campaign, Michael Scheuenstuhl, Managing Director of DATA MODUL's "Technology Flagship" site in Weikersheim, personally handed over the symbolic donation checks to two regional organizations:

- **"Tafel Bad Mergentheim", operated by the Diaconal Work of the Main-Tauber Districtist**
- **"Deutsches Rotes Kreuz Ortsverein Weikersheim" (DRK)**

The donation check for **€3,000** to the Tafel Bad Mergentheim was received by **Linda Haberkorn**, Head of the Tafel operations, and **Annemarie Scheckenbach**, a volunteer. At the meeting with the DRK, **Carolin Lang**, Head of Operations, as well as **Nick Schuppert**, Chairman and Mayor of the City of Weikersheim, were present.

"Especially during the Christmas season, we as a company want to contribute to supporting people in our region – and thereby live up to our commitment to social sustainability," emphasized **Michael Scheuenstuhl**. "The work of the Tafel and the DRK deserves the highest respect. With our donation, we want to express our gratitude to all those who dedicate themselves every day to helping others."

About DATA MODUL

As a passionate enabler, DATA MODUL AG does everything in its power to turn customers' visions into reality. With a comprehensive understanding of hardware, software and services as a harmonious unit, the focus is on developing customised display solutions that precisely meet the specific needs and objectives of the customer. The outstanding core competence of DATA MODUL AG lies in customising, whereby the company not only provides products, but rather tailor-made solutions with a clear market focus. With over 50 years of experience, DATA MODUL AG represents financial stability, innovative strength and international growth. Its presence at more than 20 locations worldwide and a total area of around 40,000 square metres for production, logistics and administration enables the company to respond flexibly to global challenges.
